

Case Study: Swindon Orbital Retail Park

Location:
Swindon, Wiltshire

Project type:
Retail

Client:
Lidl UK Ltd

Current Stage:
Construction

Cost:
Approx £3-4m

The Site

This Lidl project was carried out to re-fit a former Homebase store at Swindon Orbital Retail Park. Occupying a double height end retail unit in a high quality re-clad development.

The scheme provided a top lit sales area with full back of house staff and warehouse facilities and a remodelled lofty two storey entrance lobby.

Proposals

The Lidl store provides 2215m² of accommodation incorporating an 1296m² sales area.

One Design Architects were involved at all stages including feasibility, planning, tender and construction as well as being PD through all stages.

Completed in 2020.

“We worked closely with the Lidl team to create a modern and inviting space using sustainable design, with a focus on introducing a sense of arrival to a previously run down and unassuming building unit.”

Oliver Hunt
One Design Architects
